Corrections

Drugs for Diabetes (Med Lett Drugs Ther 2017; 59:9)

In the 4th paragraph of the GLP-1 receptor agonists section, we mistakenly stated that *Xultophy 100/3.6* is a combination of insulin degludec and albiglutide; *Xultophy 100/3.6* is a combination of insulin degludec and liraglutide.

Another Insulin Gargine (*Basaglar*) for Diabetes (Med Lett Drugs Ther 2017; 59:3)

In the Dosage and Administration section, we removed the word "syringe" to describe *Basaglar's KwikPen* device. *Basaglar* is not available as a prefilled syringe; it is only available as a *KwikPen*.
